

ENDEAVOUR KIT RENEWAL POLICY

At Endeavour, we hold a stock of outdoor weather clothing and personal protective equipment for outdoor adventurous activities.

Certain items of personal protective equipment (such as climbing harnesses or buoyancy aids) have a limited lifespan, and there is also a cost to the ongoing maintenance and replacement of items through wear and tear.

In order to spread these costs between our different programmes, we apply a kit renewal surcharge on sessions where there is an element of adventurous outdoor activity, which can then be pooled and used to replace items as and when required.

The amount of this surcharge will be reviewed annually.
